Immediate information, right at the fingertips of your officers in the field. That’s iCop. iCop is the leading handheld criminal justice application system that provides NLETS (state-to-state) NCIC (national), and DMV information directly to your handheld device. Immediate access to Wants & Warrants, License Information, Stolen Vehicles and DMV photos are all easily accessible via iCop.

Benefits

- Immediate, real-time access to criminal justice data
- Promotes officer safety
- Increases “hit” and “apprehension” percentages
- Takes advantage of cost effective technologies
- Reduces loads on in-office staff

Features

The iCop system provides officers with direct access to all of the following information, directly from the National NLETS or NCIC databases, to your handheld device:

- Wants & Warrants Inquiries
- Drivers License Inquiries
- Stolen Vehicle Registrations
- Vehicle Plate Registrations
- DMV Photos
- Aircraft Registration Inquiries
- Gun Inquiries
- Boat Inquiries
- Canadian Vehicle and Person Inquiries
- Dept of Corrections Photos

Devices

iCop works on ANY handheld device with a built-in browser, including:

- iPhones
- Blackberries
- Android Phones
- iPads
- Windows Mobile Devices
- Motorola Handhelds
